

VISTA QUEST, LLC

Superintendent Mentorship

The challenges for superintendents are becoming more and more complex each year. With the proven success of superintendents of the year from various states, Vista Quest is able to provide excellent advice for new superintendents and for superintendents that need mentoring in specific areas, such as:

- Board of Education governance
- Negotiations with unions
- Communication to community stakeholders
- Hiring and firing
- Budget management
- Strategic planning
- Crisis Management

School districts are selecting non-traditional educators to take on the transformational challenges of accelerating student achievement and closing the achievement gaps. Vista Quest can provide the mentorship for leaders of school districts that are both traditional and non-traditional educators.

The value of having proven and successful leaders of K-12 education who have “walked the talk” as distinguished superintendents from various states, Vista Quest can provide the sage advice from leaders who have been there!

Approach:

- Mentor superintendents with real-life case studies on transitions of leadership
- Help develop a framework for an initial 90-day listening tour to assemble community inputs
- Assist the formulation of a strategic plan to meet the needs of the school district
- Advise on the institutionalization of changes in policy and procedures

Who: Vista Quest would provide guidance to superintendents but also school district leadership teams

When: This is a two day training session from 8:00 – 4:00 each day
